Welcome to

ILMA University - Formerly IBT

Behold ILMA University, an architectural marvel spanning across acres of land, captivating all who lay eyes upon it. A grand open car park, adorned with verdant courtyards, welcomes students into a realm of enlightenment. As one steps inside, the interior unfolds like an artistic narrative, showcasing the institution's evolutionary journey. This sprawling campus encompasses cutting-edge facilities, where air-conditioned classrooms, a state-of-the-art auditorium, a digitally enhanced library, computer labs, a sports club, and a cafeteria converge to provide holistic fulfillment. The invigorating ambiance of ILMA University is a testament to its unwavering commitment to functional, technical, social, educational, and aesthetic considerations. Undeniably, ILMA University has redefined itself as the pinnacle of academic synthesis—an educational epicenter that knows no bounds.

Academic Policies:

ILMA University Academic Policies: Student Guidelines

At ILMA University, we prioritize your academic journey and success. Our comprehensive Academic Policies are designed to guide, support, and facilitate you throughout your studies. These guidelines ensure a smooth and productive educational experience. Here's what you need to know:

Program Duration Management:

Our programs have defined durations – 4 years for bachelor's and 2 years for master's. You can take up to 12 courses per year, including summers. If you complete 24 courses in 2

years, you're on track. However, if you finish 26 courses within 2 years, you're ahead, and your course load for the third year will be adjusted accordingly.

Low GPA Support:

We understand that academic challenges can arise. If your GPA falls below 2.2 (bachelor's) or 2.8 (master's), you'll be placed on probation for one semester. To help you bounce back, we'll lighten your course load. Aim to achieve a minimum GPA of 2.5 (bachelor's) or 3.0 (master's) in the subsequent enrolled semester.

Repeat Course Management:

Sometimes, a setback might occur in the form of a failed course. If this happens, the student affairs department shall enroll in those courses in the coming semester first and will also reduce your course load. This approach ensures that you can focus on mastering the content and improving your understanding.

Provisional Admission Assistance:

For students admitted on a provisional basis, we offer extra support. You'll be given a reduced course load to help you adapt and excel in your new academic environment.

Course Progression Guidance:

Our academic advisors are here to guide you in planning your course progression. They can assist you in selecting the right courses, understanding prerequisites, and ensuring a balanced workload across semesters.

Remember, ILMA University is committed to your academic success. These guidelines are meant to empower you on your educational journey. If you have any questions or need further assistance, don't hesitate to apply through any other request to seek guidance. 80% attendance is mandatory in all courses for appearing in examinations.

Together, we'll make your time at ILMA University rewarding and impactful.

Admission Pre-requisites:

Applicants who have successfully completed Intermediate/A Levels/High School Diploma/International Baccalaureate Diplomas or any other equivalent qualification(s) and meet the following program specific requirements as per their educational background are eligible to apply and take Ilma entrance test.

Admission Process:

Step 1

[Click here](#) to begin the online application process and follow the steps below

Step 2

The admission counselor shall contact and guide you for further process.

Step 3

Visit the Admissions Office at any of the university campus for submission of the application to begin your initial admission process.

Step 4

Fill in the online application in one go or complete it in intermittently which has the facility to save the data after each section.

Compulsory Requirements: The online application is deemed complete if all the compulsory sections are filled with all the details and submitted.

1. Name
2. 1. Copy of CNIC/Passport of prospective student and parent
3. 2. Copy of Matric / O' Level Marksheet and Certificate
4. 3. Copy of Intermediate / A' Level Marksheet and Certificate
5. 4. In case of Hafiz – e – Quran submit the verified certificate

Step 5

Pay the application fee for registration by visiting the Admissions Department.

Step 6

Scholarship or financial aid sections should be filled if the candidates intend to avail it.

Step 7

Take the Ilma admission aptitude test or submit the international test scores to seek exemption. Grade based exemption can be availed for qualification.

Step 8

Appear for an Interview

Talk to the Ilma Admissions Team

The admissions team aims to intimate and facilitate the applicants through the entire admission process for a smooth experience. They provide guidance and support to the applicants who can approach them to inquire about the admission requirements and schedules.

Admissions counsellors are available online and offline to assist in every way possible. They entertain all queries pertaining to admissions and aptitude test to the satisfaction of the applicants.

They can be easily approached during office hours and have all the related information readily available as well as accessible. For them each applicant is of value and viewed as a prospective student.
